

18V Brushless Auto Shut-Off Open End & Close End Wrenches

Switch With Simple Operation

Quickly double-click to switch forward and reverse. Different colors indicate working status.

Status Indicator

- **Green Light:** Indicates that locking is complete.
- **Red Light:** Abnormal locking, may not reach the torque or the screw has been locked.
- **Yellow Light:** Low battery
- **Green & Red Light Flashing:** Under reversing

Trigger for Durable Usage

Ergonomic Design

Ergonomic design for comfortable usage & light weight.

LED Light

Industrial Brushless Motor

Industrial brushless motor, maintenance-free.

High-Precision Clutch Mechanism

New 18V Li-Ion Battery

New Li-Ion Battery provides longer operation time

Contents:

- 2pcs 2.5Ah Li-ion Battery
- 1pcs 18V Charger

SEIW1800V-A15-BTR

18V Battery

- High-Performance Industrial Battery

Close End

Open End

Short Arm

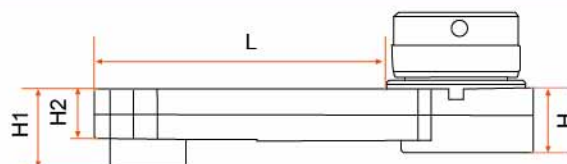

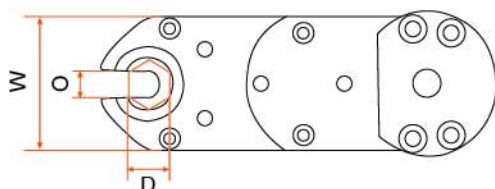

Long Arm

SEIW1800V-A15-CHG

18V Charger

- Rapid rechargeable technology allows the battery to be fully charged with in 45 minutes.

Model No.	Dimensions
