

Brushless Auto Shut-off Angle Screwdrivers/ Wrenches

Features:

- The tool will automatically stop when it is locked to the set torque value.
- New patented clutch technology provides tools with better repeatability $\pm 3\%$.
- Maintenance-free and durable production performance for one million cycles.
- Brushless, high-quality heat-resistant motor technology. • Machine capability index $> 1.67 @ \pm 10\%$ according to ISO5393.
- Tool performance testing and certification according to VDI/V DE 2647. • Anti-slip handle for safer operation.
- Can be easily locked at any angle. • High-quality Li-ion batteries can extend the life of 100% compared to Ni-MH batteries.
- Speed saver mode: Eco, Normal, Sport, can extend tool life. • Output drive: $\square 1/4"$ Hex 、 $\square 3/8"$ SQ 、 $\square 1/2"$ SQ

Three-color LED indicator

Forward and Reverse Switch

Torque Cover

Three Speed Selection

Sport Normal Eco

The new generation of rechargeable type has three speed option
Eco (Low Speed), **Normal** (Medium Speed), **Sport** (High Speed), so that the tool can meet the needs of the working environment and achieve more effective power saving.

12V Li-ion Battery

SEIW1200V-BTR2

- Lithium battery (thin)
- 12V (2.0Ah)
- Weight: 0.2kg

SESD1080V-CHG2EU

10.8V Charger

- AC100V - AC240V
- Charging Time: 60 min
- Plug Type: EU
- Remark: Non-replaceable plug

High Precision Clutch

Use the new patented clutch to improve the locking accuracy, and the quality of the tool will be improved to a higher level.

Double the performance with less weight

Using the new patented three-kinetic energy high performance motor, so that 12V can surpass 18V performance, and has lighter weight.

3rd Generation of Patented Brushless Motor

The new generation of motor doubles the performance of the tool, increases work efficiency, and is more powerful.

Contents:

- 2pcs 2.0Ah Li-ion Battery
- 1pcs 10.8V Charger
- 4pcs Color Ring
- 2pcs 1/4" Hex. Bit (SESC1200V-A001)
